PROJECTS & EXPERIENCE

PROJECT LEAD / DEVELOPER | LAN-BASED PAYROLL MANAGEMENT SYSTEM (CAPSTONE PROJECT)

- Developed a full-stack payroll management system at Marymount Professional Colleges using Laravel 12 and PostgreSQL, featuring an ESP32 biometric integration for automated attendance. Streamlined statutory reporting workflows for SSS, PhilHealth, and Pag-IBIG, and successfully presented the complete prototype and logic architecture to an evaluation panel.

DEVELOP A ECOMMMERCE WEBSITE IN KAHOY CRAFTED FURNITURES USING SHOPIFY (RECENT CLIENT)

- Designed and deployed a custom Shopify website for Kahoy Crafted Furniture, tailored specifically to the client's visual branding and operational needs. Transformed their physical inventory into a digital product catalog by creating custom front-end styling and organized collections to showcase high-quality wood products. Customized the checkout and lead flow so inquiries and purchases seamlessly direct to Facebook Messenger, allowing the business to manage orders and client communications interactively.
